

Work

About

Hi! My name is Victoria, but most call me Torie.

I'm a Boston-based graphic designer with a background in creative writing and publishing. Obsessed with typography, hand-lettering, and visual arts from an early age, I was directed to seek out graphic design by some wonderful people.

Now, I'm constantly learning more about design at the School of the Museum of Fine Arts in Boston. I even know code!

Have work you want me to do?
